## York Bacteria Stop

is a brand that offers products that will not only allow you to keep your home clean, but also protect the user from what is not visible - bacteria.

Thanks to the use of innovative technologies, the tidied spaces shine with cleanliness and all household members can feel safe on a daily basis. York Bacteria Stop is also quality and effectiveness confirmed by research and tests performed by accredited research units.

Simple and functional products from the YORK series have been enriched with silver or zinc microparticles, by means of which they are hygienic and bacteria do not multiply on its surface. The accessories are resistant to harmful microorganisms and block the migration of bacteria between the surface of the product and the hands of the cleaning person.

### Rubber broom with telescopic handle BACTERIA STOP
